

Tokova Specification

The Tokova Shark is the only mobile device you'll ever need. It simplifies your life; it's a Smartphone, Pad, Hotspot, GPS and Video Conference. Operating on the Android 2.2 system with a 7inch Touch Screen, front facing camera and video cam it's the ideal mobile computing device. It supports Adobe Flash, SD card (max 32GB) with a High-performance Qualcomm processor. With 3G connectivity plus Wi-Fi, and the iYapaway network you can video group chat and make phone calls.

What makes the Tokova Shark Truly Mobile?

It's Mobile Smartphone! Stay connected all the time no need for Wi-Fi with its full-function 3G Data connectivity you can make calls, surf the web, watch TV and video conference anytime anywhere. (SIM Card Required)

Wi-Fi Hotspot

Tokova Shark is your own personal Wi-Fi hotspot that gets everything out of your data-loving devices; it provides internet access to your laptop and any other Wi-Fi device. You'll never have to go on a search expedition for a coffee shop connection again.

Meetings on the Go

Tokova Shark video conferencing makes it possible to talk face-to-face. See how easy it is to start secure meetings right from your Tokova Shark, instantly. Hold meetings, reduce travel expenses and improve collaboration around the globe.

The Road Awaits

Where are you headed today? Find the quickest route with real-time maps from integrated Global Positioning System (GPS) and e-compass functionality. Text-to-voice and turn-by-turn directions let you keep your eyes on the road, while Google Maps' live traffic functionality helps you avoid those dreaded red zones (requires 3G connection). The best part is the Tokova Shark multitasks, so you can play your favorite driving tunes and receive calls at the same time.

Its striking 7" TFT-LED backlight display delivers exciting mobile experience for watching films, viewing pictures, e-reading and sharing documents.

Android Market Place

The Tokova Shark is packed with services to complement and enhance your life in different ways. There is access to the Android Marketplace to download apps and personalize your device infinitely.

Tech Specs
